To Whom It May Concern:

30 July 2012

I would like to thank and present Chief Instructors, Mr. Rob Simons and Dr. Les Moore with a Certificate of Appreciation for serving as advisors to the Federal Air Marshal Service Combative, Defensive Measures Program. Mr. Simons and Dr. Les Moore's training in Sikaran Arnis, in the lineage of LTC Meliton Geronimo is the foundation used to train United States Air Marshals in their Combative training. The Sikaran Arnis system is used to help develop our combative program in Close Quarter Combative/Defensive Measures system. Mr. Simons and Dr. Les Moore's training with impact weapons and empty hands skills are exceptional and their presentation of the Sikaran Arnis system is a great credit to LTC Meliton Geronimo. Mr. Simons and Dr. Les Moore's knowledge of Sikaran Arnis of the LTC Meliton Geronimo lineage is an instrumental part of Homeland Security for the United States of America.

Sincerely,

Edward L. Lawson
Lead Instructor
